

# Leash-Free Dog Park

## @ the West End Regional Park

The West End Park and Open Space Commission is working to provide area residents an off-leash dog park. The project is funded by tax deductible donations from local businesses, individuals and grant awards. You and your canine friend can become a part of this beautiful park with a tax deductible donation or by purchasing a personalized Dog Park Fence Section.

*(Fencing will be installed when funding is in place.)*
